THE COMEBACK CONTINUES...

This past December, the *Hollywood Reporter* published an article detailing the strength and resiliency of the Comics Industry in the wake of the COVID-19 pandemic. While some stores have been adversely affected by these days of uncertainty, still more stores are reporting stable or even greater sales than were experienced last year... before all this started. It's a testament to the Comics Industry that our publishers, retailers, and the fans have kept our beloved hobby and livelihood alive and, in some instances, thriving. New comics and back-issues have seen the most action during these times, and I can attest to this, as I have bought more back-issues in the past year then I have in the past decade, easily. Old books are out there, and gettable, and I have been grabbing up choice backs of Charlton, Gold Key, Dell, DC, and Marvel comics... mostly Monster, TV and Movie comics... especially those Hanna-Barbera adventure comics from Gold Key. Great stuff!

Bottom line: Our Comeback *IS* Greater Than Our Setback, and I am psyched to see where we go in 2021!

Usually in this issue, I would be talking about *TOY FAIR INTERNATIONAL* in New York City. Of course, due to COVID-19 restrictions, this year's event was cancelled for February. The powers that be behind the Toy Industry's biggest event has set their sites on May of this year, so we shall see if that comes through.

Also, in this issue of ***PREVIEWS*** we're once again celebrating *Black History Month*, showcasing the comics and graphic novels that feature black main characters, that were created by African-American creators, or dramatize the black experience. As always, we have some great backlist and new titles being offered this month, and we have some suggested titles for you to check out on page 192. Elsewhere, our *Indie Edge* interview profiles writer Rodney Barnes, creator of *Killadelphia*, who also writes and produces in Hollywood on shows like *Runaways* and *American Gods*!

BLACK HISTORY MONTH

Finally, with *FREE COMIC BOOK DAY 2021* now scheduled for August 14, 2021, you can expect to be seeing the early *FCBD* title listings in ***PREVIEWS*** in the next couple of issues. I have no idea so far what's going to be offered this year, but I have no doubt that there will be something for everyone available on August 14th! Don't forget to *SAVE THE DATE*!

That's all I've got for this month. Thanks for picking up this issue, our smallest in over seven years — 472 pages! But yeah, it's *still* a big book! Anyway, I'll see you all next month!

Your Pal @ ***PREVIEWS***,

Marty

Marvel's Valkyrie Turns 50

Valkyrie/Brunnhilde is a super-strong Asgardian with the powers to guide spirits to the next world. Based on the Norse mythological character Brynhildr, she was created by Roy Thomas and John Buscema and introduced in *The Avengers* #83 (December 1970). Odin chose Brunnhilde to lead the Valkyrior, the warrior goddesses who would appear at the battlefields populated by mortals who worshiped the Asgardian gods and chose which of the dead combatants would go to Valhalla. She served in the role for centuries.

EDGE ESSENTIALS

Pick up these books to learn more about Rodney Barnes' *Indie Edge* style!

- **Killadelphia Vol. 1: Sins of the Father TP** (APR200150)
- **Quincredible Vol. 1: Quest to Be Best TP** (MAR191875)
- **Star Wars: Lando: Double or Nothing TP** (JUL181171)

Please tell us a bit about yourself!

Rodney Barnes is the award-winning writer/producer of HBO's *Showtime*, Hulu's *Wu-Tang: An American Saga*, Marvel's *Runaways*, Starz's *American Gods*, and a host of other television programs and films. He has also authored graphic novels for Lion Forge's *Quincredible* and *Star Wars—Lando: Double or Nothing*, as well as *Falcon* for Marvel Comics. He is the co-creator and writer of the ongoing hit series *KILLADELPHIA* for Image Comics.

What are your favorite projects you've contributed to over the past decade?

From my personal work I'd choose *Killadelphia* (*Vol. 1: Sins of the Father TP* / APR200150) from Image comics and *Quincredible* (*Vol. 1: Quest to Be Best* / MAR191875) from Lion Forge/Oni-Press. I believe both display aspects of growth in my ability to tell a story and have the art — Jason Shawn Alexander on *Killadelphia* and Selina Espiritu on *Quincredible*, is stellar on both.

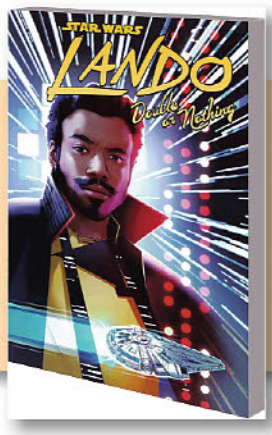

What are you currently working on?

In comics I have *Killadelphia* and two more soon-to-be-announced series coming up from Image Comics. I'm creating my own comics imprint and plan to publish three trades towards the end of next year (all horror/supernatural) highlighted by "*Blacula*" a childhood favorite of mine. I'm also writing two series for Dynamite Comics and two for Marvel Comics.

In Television I'm writing and producing an untitled series centering on the Los Angeles Lakers Showtime era for HBO and a monster movie at New Regency to be directed by Jordan Vogt Roberts (*Kong: Skull Island*). As well as a mini-series focused on the life and career of golfer Tiger Woods, and the television adaptation of *Killadelphia*.

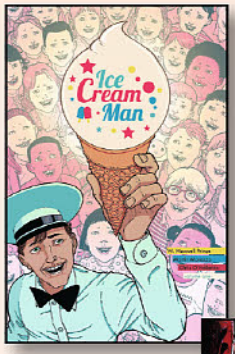

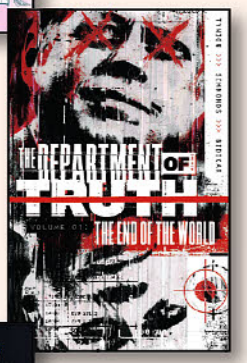

What fun titles are you reading?

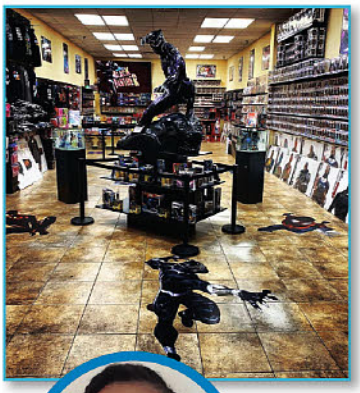

Oh, there are a lot! I love the current crop of indie horror titles; *Ice Cream Man* (*Vol. 1: Rainbow Sprinkles* / APR180546), *Department of Truth* (*Vol. 1* / DEC200103) and *Something is Killing the Children* (*Vol. 1* / MAR201361) all stand out due to their layering and intense story telling. I also really enjoy *Bitter Root* (*Vol. 1: Family Business TP* / MAR190071) for similar reasons. Besides the ones I've mentioned there's; *Excellence, DCeased, Thor, King in Black, Justice League Dark*, most *Batman* books, and sooo many others!

USER'S GUIDE

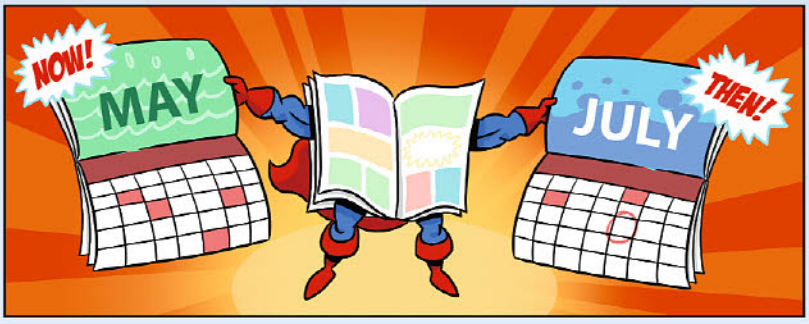

There's *a lot* of awesome comics and products to look through in ***PREVIEWS***. "A lot" might be a bit of an understatement, as each month's catalog is filled with hundreds and *hundreds* of pages of upcoming comics and related merchandise! It can be easy to accidentally overlook a new series you've been dying to read or a figure you've been pining to add to your shelf when there's so many things to browse. That's why we've put together this guide to help you learn how to use ***PREVIEWS*** like a pro to order the awesome titles and products you want!

Learn How to Use *PREVIEWS* to Order From Your Comic Shop!

WHAT EXACTLY IS *PREVIEWS*?

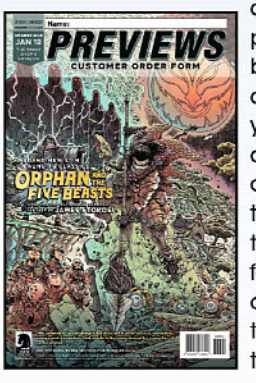

PREVIEWS is part catalog, part magazine (we call it a *Mag-a-log*!) of monthly listings of all of the upcoming comic titles and related products from your favorite publishers and manufacturers in one convenient place. And don't worry—***PREVIEWS*** is organized by publisher and product type (and color-coded to boot!), to make it easy to find and flip to the section or items you're looking for. Each item listing has the information you need, such as format, size, page count, price, release date, stock or item code, and descriptive text, and nearly every listing is accompanied by artwork or images.

The most important aspect of ***PREVIEWS*** to remember is that **items solicited in the catalog are anticipated to ship 2-3 months later (or more)**. For example, if you found a comic you wanted in the **May** issue of ***PREVIEWS***, you can expect to see it turn up in your local comic shop in **July**. The catalog can be a great resource for figuring out where your favorite comic series is going, or for discovering new ones that you'll want to add to your library—not to mention all the other awesome products!

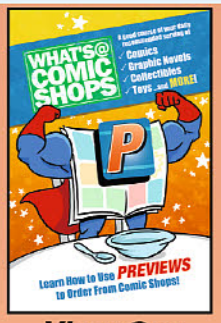

HOW DO I ORDER FROM *PREVIEWS*?

When you've picked out all of the items you want, you can fill out the **Short Order Form** included in your copy of ***PREVIEWS*** and submit it to your local comic shop. You can also ask your friendly neighborhood retailer about obtaining a **Customer Order Form**, a booklet that contains a complete listing of all the items made available for that month. These forms make pre-ordering your comics and products a breeze and can help your local comic shop decide what to stock in the store for other customers, too! Be sure to also ask your retailer about their **pullbox or subscription service**. Once you've submitted your order, you can sit back and relax, or try to contain your excitement until your comics and merchandise arrive!

THE GRAND FINALE ARRIVES IN APRIL'S *VENOM* #200

Donny Cates and Ryan Stegman's groundbreaking run on Venom redefined Eddie Brock and the symbiotic alien bonded to him, and it comes to an end in April's landmark *Venom* #200 from Marvel Comics!

Eddie Brock's life changed forever when he was bonded to an alien symbiote. It changed again when he became Earth's protector against the threat of Knull – the King in Black, the symbiote god – and the war against Knull exacted a hefty toll on Brock and all Earth's heroes. In the aftermath of the devastating war against the King in Black, what remains of Venom, the Lethal Protector?

Cates and Stegman's three year run on *Venom* comes to an ending -- and a new beginning – in the oversized *Venom* #200. Said Cates of the anniversary issue: "It's gonna be the beginning of something you've never seen from Eddie, or from the dynamic of him and his family and his symbiote. It's a really special issue that will hopefully set the stage for the next 200 to 2,000 to 2,000,000 issues of this amazing character going forward."

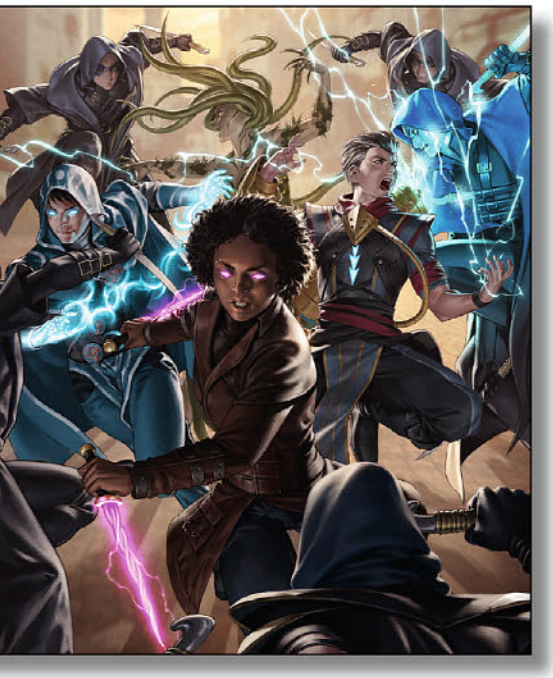

A milestone issue that no Marvel Comics fan will want to miss, Donny Cates and Ryan Stegman's *Venom* #200 comes your way in April!

"I WAS SEDUCED BY CYNTHIA VON BUHLER'S ARTWORK. SHE IS A WONDER" - *NEIL GAIMAN*

TITAN'S BESTSELLING HARD CASE CRIME SERIES IS BACK!

Private investigator MINKY WOODCOCK becomes involved in the affairs of maverick genius, NIKOLA TESLA, only to discover a horrifying conspiracy involving corrupt politicians and Nazis!

As Issue #1 is set to hit stores April 14, 2021 the Award-winning writer and artist CYNTHIA VON BUHLER was kind enough to reveal to us some of the secrets behind this new series.

COVER A BY THE LEGENDARY
ROBERT McGINNIS
(JAMES BOND POSTER ARTIST)

CYNTHIA VON BUHLER

Who is Minky Woodcock? What is her story and what motivates her?
Minky is the daughter of a well-known private investigator. Her father was rumored to be the inspiration for Sherlock Holmes. Motivated by the mysterious drowning death of her mother many years before, Minky wants to be a private investigator as well; however her father is vehemently opposed to her following in his footsteps.

What challenges will she face in this brand-new series?
Minky's full-contact investigative style means she's always getting herself in hot water. Even though she has the smarts to crack even the hardest of hard-boiled cases, she often has to bury the truth to keep from burying herself (or others).

Is this comic set after the events of The Girl Who Handcuffed Houdini? How have the experiences of that comic series changed Minky?
This episode fast-forwards from her first case, with Houdini in 1926, to 1943 and a case involving the inventor Nikola Tesla during WWII. Minky is more confident in her investigative skills. She's matured, but she's still drinking far too much and getting too involved in her cases.

What drew you to introducing Nikola Tesla into the story?
In order for me to write a book about a person I have to find a crime hook and connection to the character I'm focusing on. After looking into Tesla's incredible life and unique personality I became obsessed. I spent the last few years doing research. As with the Houdini episode, all of the anecdotes related to his life in my book are based on fact. I really love finding bizarre, unbelievable facts and weaving them into my stories.

How do you think the Tesla story relates to our own times ?
The Tesla story focuses on a weapon of mass destruction, his purported "death ray," as a war deterrent. This problem started back then and we are still dealing with it. My own father worked at General Electric designing electrical systems for nuclear weapons during the Cold War. I relate to this topic on a personal level.

What were some of your influences from the world of comics?
I love vintage pulp detective and sci-fi comics for their art. I try to mimic that style in Minky with the figurative realism, pulp paper texture, muted color, and strong lines. I adore Robert McGinnis' paintings and I'm thrilled that we get to have his art for another one of our covers. I always loved comics with strong, dominant women, like Catwoman.

Rare and delicious fungi spell trouble for an ambitious restaurateur in this sumptuously painted graphic novel from one of Scotland's most imaginative young cartoonists. This thrilling page-turner, a fascinating glimpse into the high-pressure world of big-city restaurants, is a must-read for foodies, Anglophiles, Food Network fans, and those with a taste for beautiful, terrible people.

Tulip and his brother Rowan have left the simple comforts of their remote Scottish island with a plan: to grow succulent, organic vegetables in an idyllic market garden, and to open a restaurant serving these wholesome culinary delights to the busy sprawl of London. The world of fine dining seems impossibly competitive... until they discover a deliriously scrumptious new species of mushroom. The dish brings diners in droves, catapulting their small restaurant to success beyond their wildest dreams. Now, pressured by the demands of a hungry city, Tulip is desperate to crack the secret of their new ingredient's growth. But just how much will he sacrifice to feed his own insatiable ambition?

Cities burn, electricity crackles, and the world hangs in the balance as the award-winning alternate-history graphic novel trilogy comes to a stunning conclusion!

The action picks up where *The Jekyll Island Chronicles (Book Two): A Devil's Reach* left off: the cabal of anarchists, known internationally as Zeno, have stolen the plans to a Nikola Tesla's Death Ray and intend to build it and use it first on the heroes of Jekyll. Meanwhile, Tesla and his contemporaries Charles Proteus Steinmetz and Henry Ford work against the clock to come up with an improbable chance to render the weapon useless. For their biggest challenge yet, our heroic regulars—mechanically-limbed Peter Karovik, electrically-powered Helen Huxley, high-flying Billy Colfield, and the brilliant cryptologist Solomon Taylor—must build an army of new heroes that join the battle royale on the tiny Georgia island of Jekyll. With more thrilling science-heroism than ever before, *A Last Call* completes the Jekyll Island trilogy as the forces of good stand up one last time against those seeking to burn the world.

THE ART OF SKY CAPTAIN AND THE WORLD OF TOMORROW

HARDCOVER

FC | 240 pages | Art/Pop Culture | $34.99 | Teen+ | 5/12 (Advanced Solicit)

writer: Kevin Conran | **artist:** Kevin Conran | **covers:** Kevin Conran

SKY CAPTAIN & THE WORLD OF TOMORROW burst into the sky and onto theater screens in 2004. With it came groundbreaking methods and techniques that would change the way movies were made.

The real story behind the film began many years earlier and in Kevin Conran's Art of Sky Captain & The World of Tomorrow, fans will be treated to behind-the-scenes stories marking the movie's unique journey to the screen.

As the first of its kind, this landmark film embraced the look and feel of the old serials even as it pushed the boundaries of modern filmmaking technology. The film would inspire a whole new generation of creators eager to adopt its innovative techniques—techniques that are now commonplace in every studio in Hollywood and around the world.

Featuring the revolutionary artistic contributions of the film's principle visual architect, this stunning collection of Kevin Conran's trailblazing illustrations and designs includes incomplete, unpublished and never-before-seen work.

This comprehensive retrospective is the first official collection of the film's artwork sourced from Kevin Conran's private collection and spanning over 20 years of the movie's history.

·INTO THE WILD BLUE YONDER·

DREAMING OF TOMORROW

Everything started at dinner one night with four tiny, little words: "I have an idea."

What I didn't realize in that moment was that my brother Kerry's idea was about to mean nearly ten years of ups and downs, starts and stops, disappointment, happiness, and a million other things I've long since forgotten. Kerry's idea was, of course, to make a movie. A big movie.

But big movies cost money—and the one we wanted to make would cost millions. We both knew no one was going to give us anything, except maybe eye rolls and laughter. We weren't Hollywood insiders, but we had a vision, and the moxie and elbow grease to try and make it happen. Out of necessity, we come up with a new way to make a movie, in a way that would fit our limited means. It was an untested idea—a movie shot entirely against blue screen.

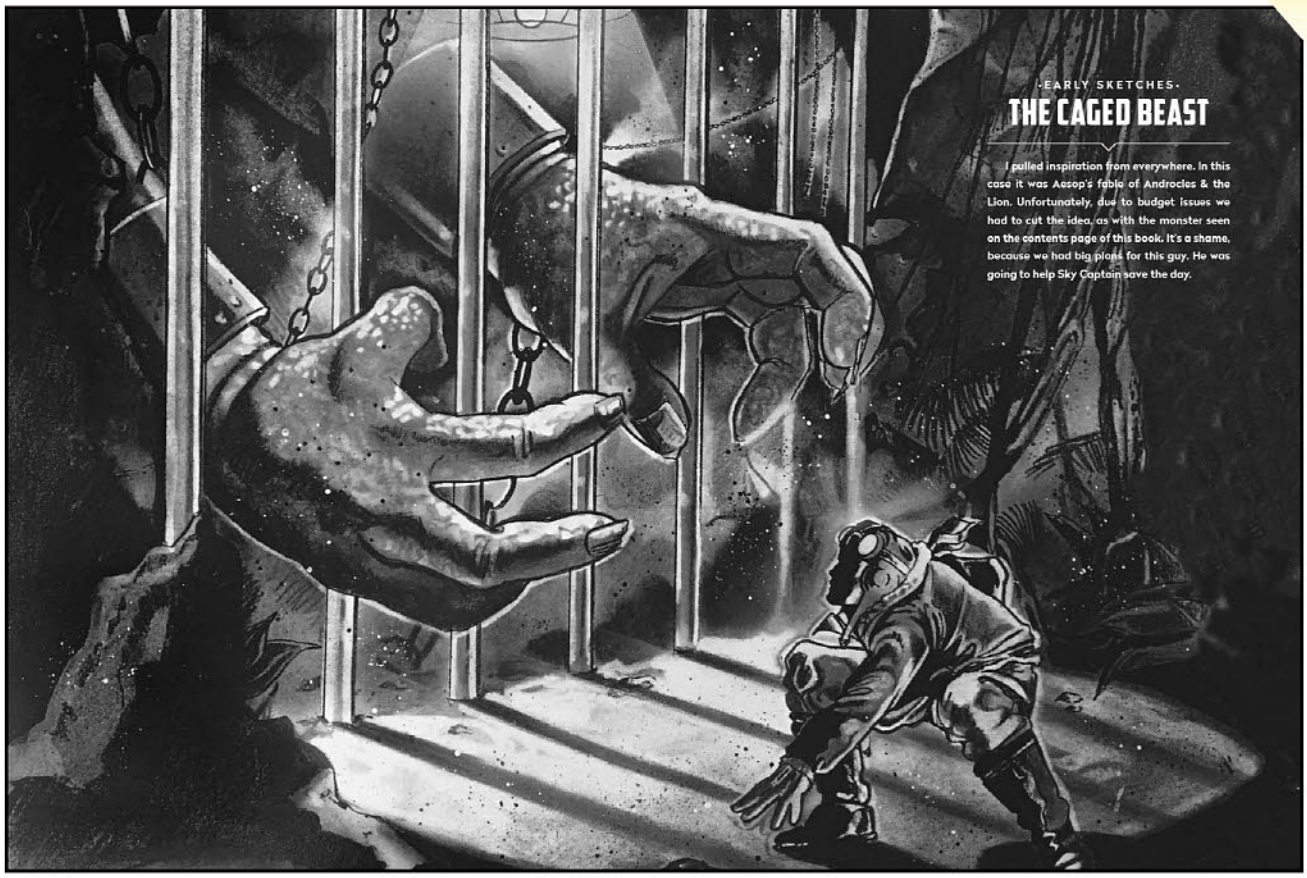

We broke new ground every single day, and now many of our methods are commonplace in big-budget filmmaking. Others would follow, but we were first through the wall. We learned every lesson the hard way. This is the story of our movie, told from the inside.

Our characters crossed the globe, from midtown Manhattan to Shangri-La, from the depths of the ocean to the fringes of outer space. In essence, we were making a big, wildly ambitious animated movie... using real people. Of course, it was this last part that made things a lot trickier.

It's important to point out that this was the early '90s, and film technologies were very different. Physical and optical methods were still the standard way of achieving special effects. Creating any kind of digital effect—even small sequences or individual characters—was still time-consuming and very expensive, requiring high-end hardware, proprietary software, and millions of dollars. We had none of that stuff, so we hatched our idea with sketchpads, an antique Apple computer, and off-the-shelf software and models. This forced us to be economical, applying our creativity not just to the storytelling, but the ways we created the film. It also helped that we didn't know enough about the "right way" to let that stop us.

·EARLY SKETCHES·

THE CAGED BEAST

I pulled inspiration from everywhere. In this case it was Aesop's fable of Androcles & the Lion. Unfortunately, due to budget issues we had to cut the idea, as with the monster seen on the contents page of this book. It's a shame, because we had big plans for this guy. He was going to help Sky Captain save the day.

·CITIZENS OF TOMORROW·

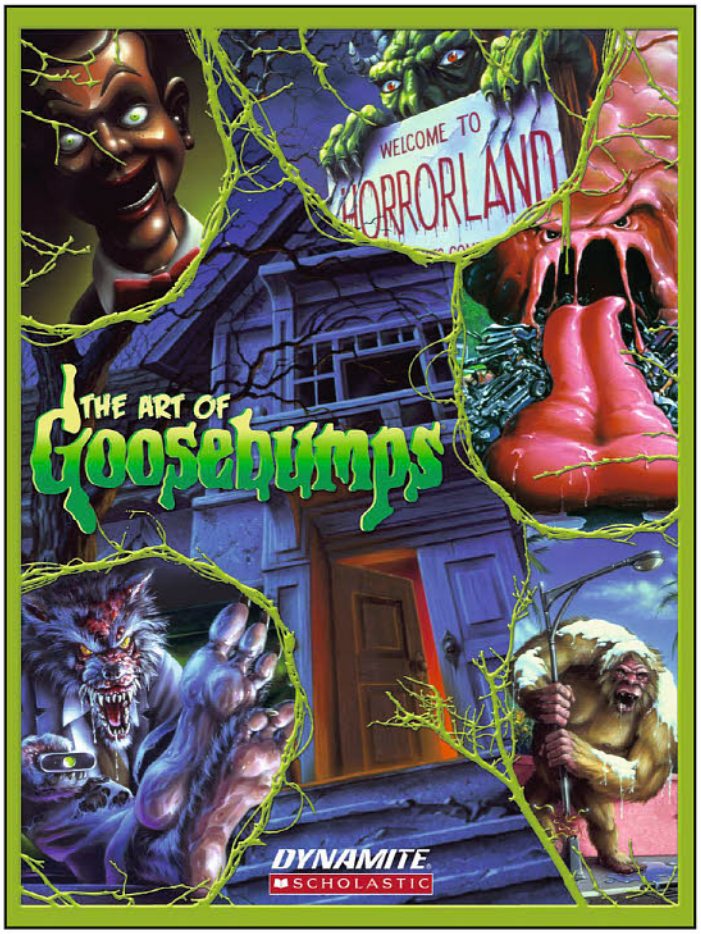

CMDR FRANKY COOK

My favorite costume belonged to Angelina Jolie's character, Francesca "Franky" Cook. I first met Angelina at her initial fitting. It was just myself, a seamstress, and the most glamorous movie star on the planet inside a tiny room in London. You have no idea how incredibly self-conscious I was asking Lara Croft to put on my goofy looking bubble helmet and air tank. Angelina could not have been nicer to be around and was incredibly helpful when it came to detailing her costume. We were really lucky that way. All those big-shot movie stars were wonderfully kind and collaborative.

I think I liked this costume the best because it allowed me to draw from one of my all-time favorite artists, the great Al Williamson, perhaps best known for his work on Flash Gordon. He, Frank Frazetta, and Wally Wood all drew these fantastic bubble-helmeted characters with criss-crossing straps and winding tubes. I loved all of them, and here I was with a chance to bring those ideas to life.

THE ART OF GOOSEBUMPS HARDCOVER

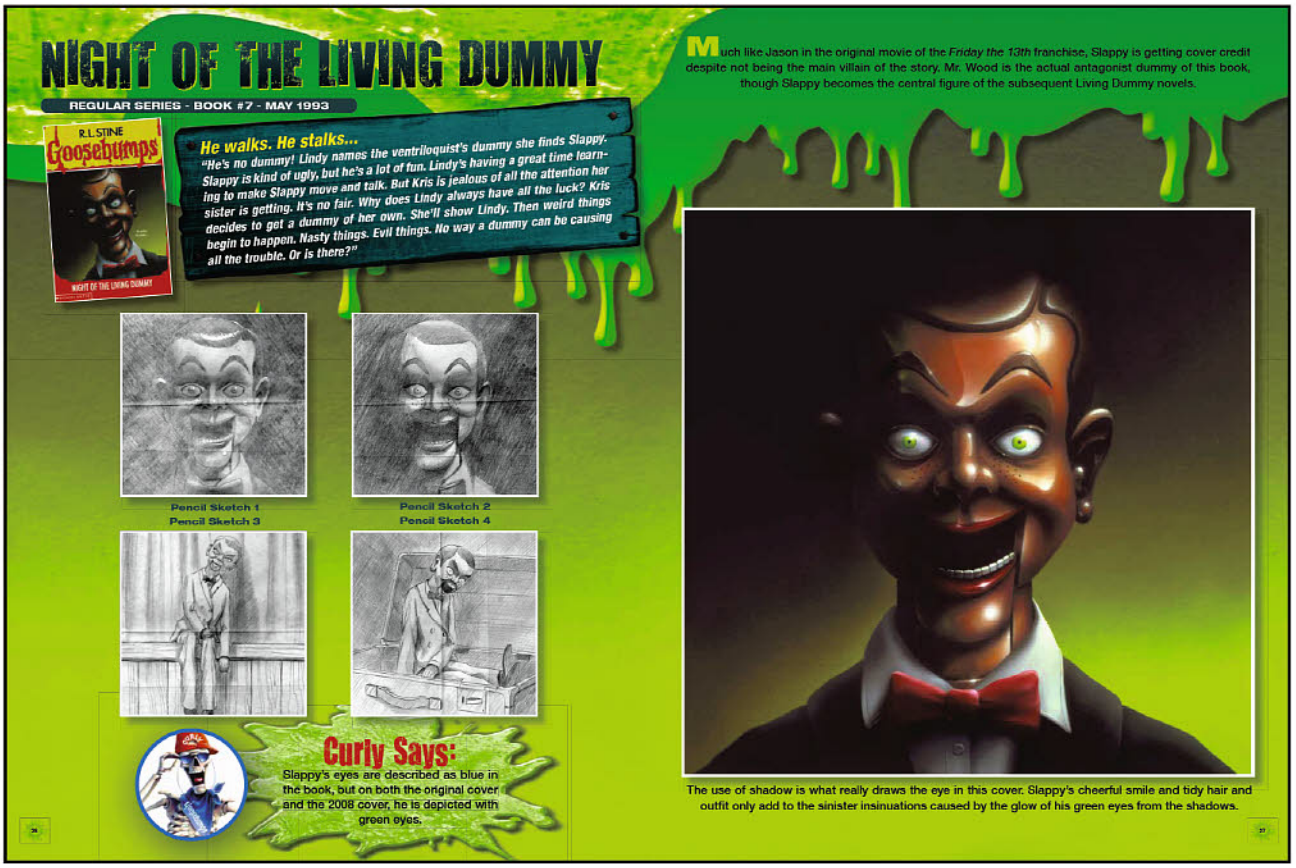

FC | 200 pages | Art/Pop Culture | $29.99 | Teen+ | 4/7

writer: Sara Rodriguez | **artist:** Tim Jacobus | **covers:** Tim Jacobus

Featuring tons of fun facts about the series alongside a walkthrough of all books and covers in the Goosebumps collections, this art book is a must-have for old and new fans alike!

In the summer of 1992, Scholastic tasked two terrifyingly talented artists with creating the cover paintings for the books that would premiere the Goosebumps series. At that time, four books in the line were being market-tested by the publisher to see how young readers would react to R.L. Stine's particular brand of humor-tinged horror. One element that was sure to catch the attention of little eyes everywhere was striking cover art, and, boy, did they find it!

The imagery provided by the covers of the Goosebumps series is part and parcel to the 90s Kid zeitgeist, helping to create a visual brand for R.L. Stine's smash-hit horror series. The covers helped set the tone for the numerous adaptations of the series, including a television series, a theatre experience, and, more recently, blockbuster films!

THE HAUNTED MASK

REGULAR SERIES - BOOK #11 - SEPTEMBER 1993

If looks could kill...

"Face to face with a nightmare... How ugly is Carly Beth's Halloween mask? It's so ugly that it almost scared her little brother to death. So terrifying that even her friends are totally freaked out by it. It's the best Halloween mask ever. It's everything Carly Beth hoped it would be. And more. Maybe too much more. Because Halloween is almost over. And Carly Beth is still wearing that special mask..."

A quintessential *Goosebumps* cover, the disgusting, creepy, sickly-green mask is juxtaposed with the image of a sweet, young girl. The overalls suggest innocence, while the dripping sharp fangs suggest horror. This cover is perfectly mysterious and unsettling.
To create it, Jacobus enlisted the help of his niece, Jessie, to be the model. Jessie held up Jacobus' dad's old rubber mask, which had been used as the head of a scarecrow before its big debut on a book cover. Jacobus snapped a picture of the scene and used it to create the now iconic artwork.

Stine Says:

This was one of my favorite books in the series and one that I'm most proud of. I was inspired to write it when my son, Matthew Stine, struggled to take off a mask he wore for Halloween. I thought the Halloween-themed book would make a great horror movie.

MYOPIA TPB

FC | 152 pages | Science Fiction | $19.99 | Teen+ | 5/12 (Advanced Solicit)

writer: Richard Dent | **artist:** Patrick Berkenkotter

cover: Patrick Berkenkotter

A homeless man is mysteriously abducted. A journal is left on the edge of a subway platform, filled with stories about a world that doesn't exist. Not far from here a scientist is murdered in cold blood. The only clues are his burned down lab. A magnetically propelled motorcycle, and a man walking around New York City with the last living falcon on the planet.

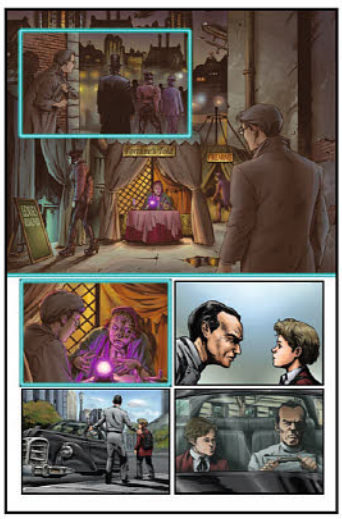

Imagine a world where your every thought, your every move, is filtered through The Central Lens Network. Now imagine being a twelve-year old boy and discovering a special pair of lenses that allow you to access this network undetected. This is exactly what happens to Matthew Glen the day his father is murdered then two years later mysteriously appears back in his life.

In a style that echoes back to the Dark Age of Comics when graphic novels were coming into an art form of their own, "Myopia" merges science fiction with noir steampunk into a thrilling alternative reality, where government and big business use entertainment devices to cover up a new authoritarian landscape.

"To see Conan unchained and as brutal as he wants is a breath of fresh air." — PASTRAMI NATION

ROBERT E. HOWARD'S CONAN IS BROUGHT TO LIFE UNCENSORED! Discover the true Conan, **unrestrained, violent, and sexual.** Read the story as he intended!

A young woman in danger is pursued by her vile master. Conan, whose family has just been wiped out by this same master, puts an end to the beauty's pursuer, and saves her with a blow of his sword. Bound by fate, the couple decide to hit the road together. Their journey takes them to an island where they discover strange ruins inhabited by dark magic. Their paradise-like refuge soon turns into a suffocating nightmare where shadows lurk. Who knows the extent of the dangers that lie there? They will quickly learn that on an island, the biggest threat does not always come from the outside...

Iron Shadows in the Moon reveals the genius of its author in describing universes as singular as they are mysterious. With her line, both delicate and powerful, Virginie Augustin illustrates this oppressive and mystical atmosphere, and gives the story a new graphic breath.

Twenty years ago, a comet fell to earth. Since that night, Matthew has been haunted – haunted by a spirit that gives him incredible psychic abilities. But these abilities come with a price...and payment is due.

Every time Matthew uses his gifts, he draws closer to death, and other psychics – all of whom gained their powers on the night the comet fell – are dying in the most horrible of ways. To save himself, Matthew gathers a group of psychics to solve the mystery of their powers before it's too late.

A new dimension of horror brought to light by master storyteller Cullen Bunn (DARK ARK, UNHOLY GRAIL, BROTHERS DRACUL, PIECEMEAL) and illustrated by Mark Torres (*Teenage Mutant Ninja Turtles, Judge Dredd, The Shrinking Man*), the team responsible for the psychological terror thriller, *Cold Spots*.

Thirty years ago, the world watched in horror as THE PATRON, a hero sent as humanitarian aid from a different dimension, went punch for punch with WOE, a primordial beast and a perfect match for our mighty protector. In the end, hero and villain alike fell...but the Patron returned – and continues to defend us to this day!

At least, that's what we've all been told.

The truth is, the Patron died that day along with Woe. The UN replaced the Patron with a Reploid, designed to mimic the real Patron and continue on his mission of protection.

Today, the Patron Reploid is secretly piloted by an elite team – a team prepared for anything... except for the death of one of their own.

A deep dive into the underside of the superhero mythos as only writer Steve Orlando (KILL A MAN, *Midnighter*, *Martian Manhunter*) can tell it. Illustrated by Patrick Piazzalunga (*Siege*, *X-Factor*).

They soon learn that the building houses a portal to the other twelve known dimensions, and that a malevolent creature known as Abraxis has bound these dimensions together, enslaving them to his will. For centuries, the portal has been guarded by a gatekeeper to prevent the evil on the other side from gaining access to OUR dimension.

Now the gatekeeper, Anna Nightlinger, is missing, and the only thing standing in Abraxis' way is a quartet of young women with powers and abilities they don't even know they have...for now.

Written by Inkpot Award-winning writer/artist Graham Nolan (*The Chenoo*, *Return to Monster Island*, co-creator of *Bane*) and illustrated by Emmy Award-winning artist, Bret Blevins (*Superman: The Animated Series*, *Justice League*), THE GIRLS OF DIMENSION 13 is a fantasy tale of discovery and empowerment, proving that sometimes all you need is a little help from your friends.

Learn how to use perspective drawing to animate your artwork! Rather than teaching readers what to measure or how to "clean up" a crisp line, the focus is on how to think, how to scribble on a paper napkin or doodle in a sketchbook and where to arrange it later at the drawing board to make it into a meaningful story setting. The many fun and practical exercises, illustrated with the author's hand-drawn layouts, backgrounds, and scene designs, give students and professionals simple techniques for strong drawing. The book combines the discipline of linear perspective with the creative freedom of imagination on paper. (STL150537) (C: 0-1-0) RES. from ***PREVIEWS*** Vol. XXX #2 (FEB201424)

EARTH BEFORE US VOLUME 3: THE MAMMAL TAKEOVER TP

(W/A/CA) Abby Howard

After the dinosaurs died out, Earth was by no means empty. There were still some little resourceful critters around who, without big predators to hunt them down, survived and thrived. Who were these scrappy creatures? Early mammals, our ancestors! In the Cenozoic Era, mammals rose to dominance and spread over the globe, resulting in woolly mammoths, saber-toothed tigers, and eventually all of humankind. In this adventure, we meet the three kinds of mammals — monotremes, marsupials, and placental mammals — as well as the other amazing ancient beasts they shared the Earth with during the Cenozoic Era. This all changes one night in a bar when she meets Jimmy, a charming werewolf with a wry sense of humor and a fondness for running wild during the full moon. Together they enjoy horror films and scary novels, shady strolls, fine dining (though never with garlic), and a genuine fondness for each other's unusual habits, macabre lifestyles, and monstrous appetites. This deluxe hardcover edition of *Fangs* features an "engraved" red cloth cover, dyed black page trim, and 25 exclusive comics not previously seen online. Phoebe Howell's unicorn BFF, Marigold Heavenly Nostrils, is happy to provide the celebrity treatment — teaching Phoebe fancy new spells, giving her a ride to school so she doesn't have to ride the bus, and even negotiating with the tooth fairy on her behalf. But when Phoebe starts noticing that unicorns have become a trendy fashion statement, she doesn't feel quite so unique. *Unicorn Famous* is filled with amusing examples of the extraordinary lengths friends will go to make each other feel special. MR, Color, 176pp - TPB $19.99

About: Collecting *The Courtyard* and *Neonomicon*, this epic tome has all of the stories that lead into *Providence*! Comic book legend Alan Moore and brilliant artist Jacen Burrows deliver a chilling tale of Lovecraftian horror! Brears and Lamper, two young and cocky FBI agents, investigate a fresh series of ritual murders somehow tied to the final undercover assignment of Aldo Sax—the once golden boy of the Bureau, now a convicted killer and inmate of a maximum security prison. From their interrogation of Sax to a related drug raid on a seedy rock club, they suspect that they are on the trail of something awful... but nothing can prepare them for the creeping insanity and unspeakable terrors they will face in the small harbor town of Innsmouth. New Printing.

ALAN MOORE'S WRITING FOR COMICS

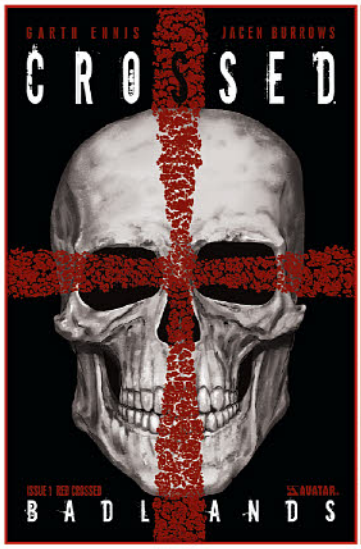

Writer: Alan Moore •B&W, 48pp - GN $5.95
Artist: Jacen Burrows Cover: Juan Jose Ryp

PRODUCT DESCRIPTION: The master of comic book writing shares his thoughts on how to craft a perfect tale and deliver a top notch script! The main essay was originally written in 1985 and appeared in an obscure British fanzine, right as Moore was reshaping the landscape of modern comics, and had been tragically lost ever since. Now Avatar brings it back in print, collected for the first time as one graphic novel, and heavily illustrated by Jacen Burrows. Alan Moore also provides a brand new essay on how his thoughts on writing have changed in the two decades since he first wrote it. For fans of Moore's work, new writers, or anyone who wants a peak behind the mental curtain of one of the greatest living writers, this is a can't miss book! New Printing.

ALICE IN LEATHERLAND #1

writer/cvr B IOLANDA ZANFARDINO artist/cvrs A&C ELISA ROMBOLI

$3.99 | 32 pages | Mature

Alice, a young writer of children's books, is hurtled out of her fairytale-like life when she discovers her girlfriend has been cheating on her!

Charmingly defiant, she leaves her small forest town and leaps into a new adventure to seek love (and find herself) in the fast life of San Francisco. There, her concept of pure, magical love will be completely overturned--but her biggest challenge won't be reckoning with other people's sexual drive, it'll be getting a grip on *her own!*

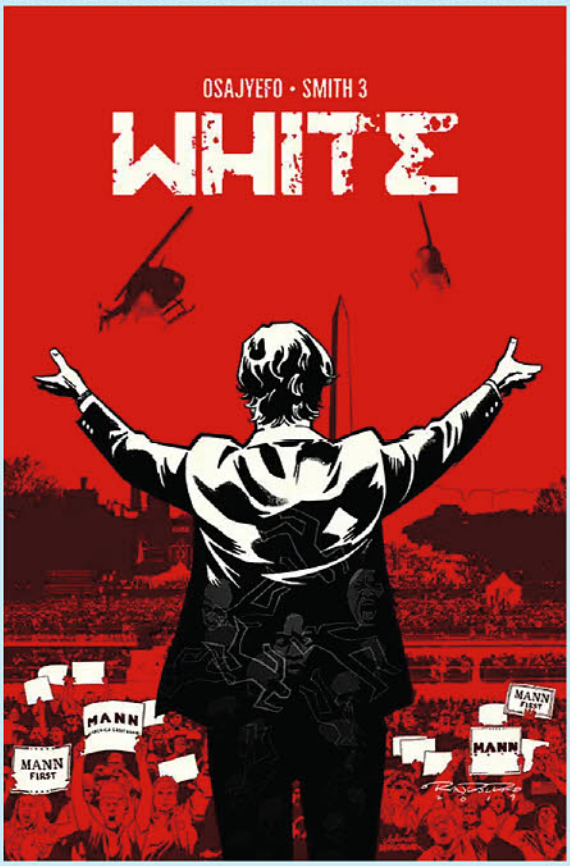

From your new favorite writer and artist team of **Iolanda Zanfardino** and **Elisa Romboli**, Alice In Leatherland is a comedy about sex and so, inevitably, about every other aspect of life, too. As Iolanda and Elisa describe the book: *"Sex is recounted as a way to investigate our relationship with ourselves and others, with our bodies and our place in the world; sexual pleasure as self-affirmation and growth. There is room for Love, too, and bravery. And for many good laughs, that never hurts."*

PIZZA PUNKS GN
(W/A) Cole Pauls
A punk-rock celebration of pizza in all its gooey glory. Dive deep into the world of cheese-loving, crust-craving, sauce-savouring punks with award-winning cartoonist Cole Pauls. In *Pizza Punks*, Pauls pushes the limits of pizza devotion by exploring just how far an extremely dedicated punk might go to attain the cheesiest of pies. Backpack pizza? Sure. Couch pizza? Absolutely. Even Mosh pizza isn't off-limits. Pineapple pizza, though? That's a little more controversial. (STL180204) (C: 0-1-0)

REPRESENTATION IMMOBILIZED GN
(W/A) Rick Trembles
Schoolyard scuffles. Seedy matinees. Run-ins with inept riot cops. *Representation Immobilized* is an unflinching look through the smudged lenses of Rick Trembles' glasses at his early years in Montreal. After a midnight move from a crumbling apartment Trembles gradually started bringing all his childhood belongings back, bit by bit, which started triggering memories from his past. Worried about them fading from memory as time wore on, he took the opportunity to document them before they could vanish. One of his last entries in this series questioned the nature of selective memory, why certain inanities from one's past might resonate more than others/ (STL180205) (C: 0-1-0)

Baffled, the Ascendancy dispatches one of its brightest young military officers to root out the unseen assailants. STAR WARS: THRAWN ASCENDANCY BOOK 2: GREATER GOOD HC
(W) Timothy Zahn
Thrawn's latest triumph still rests newly on his shoulders. Despite leading the Chiss to victory and bringing glory to the House of Mitth, the true threat to the Ascendancy has not yet been extinguished. Across the Ascendancy, seemingly inconsequential events could herald the doom of the Chiss. As Thrawn and the Expansionary Defense Fleet rally to uncover the enemy plot, they discover a chilling truth. Rather than invade Chiss capitals or pillage resources, this mysterious enemy strikes at the very foundation of the Ascendancy. As rivalry and suspicion sow discord among allies, each warrior must decide what matters most: the security of their family, or the survival of the Ascendancy itself. (STL181397) (C: 0-1-0)

THE DAILY ZOO VOLUME 3: HEALING TOGETHER SC

(A) Chris Ayers

The imaginative and often whimsical animal menagerie of the Daily Zoo continues to grow with this latest collection. The therapeutic project, drawing an animal each day in response to being treated for acute leukemia, has been a constant companion to creator/survivor Chris Ayers since he first started it in 2006. This volume features characters from Years 3 through 9 of the project, inspired by traveling the world and the amazing people he met along the way, to planning his wedding and preparing for the arrival of his first child. THE DAILY ZOO VOLUME 1: KEEPING THE DOCTOR AT BAY WITH A DRAWING A DAY SC

(A) Chris Ayers

In the spring of 2005 Chris Ayers was busy working as a concept artist in the Hollywood film industry. That came to a crashing halt when he was diagnosed with leukemia on April first. After a year-long period of treatment and recovery he started a sketchbook called *The Daily Zoo* on the anniversary of his diagnosis. Over the next 365 days he would draw one animal each day, challenging both his self-discipline and imagination. Most importantly it would allow him the focused opportunity to celebrate the gift of each healthy day. The pages of *The Daily Zoo* Volume One are chock-filled with 365 distinct critters and will leave you inspired! (STL181066) (C: 1-0-0) **NOTE:** This item may be available through other retail outlets before shipping to comic book specialty shops. **NOTE:** Available only in US, Canada, and US territories.

THE DAILY ZOO VOLUME 2: STILL KEEPING THE DOCTOR AT BAY WITH A DRAWING A DAY SC

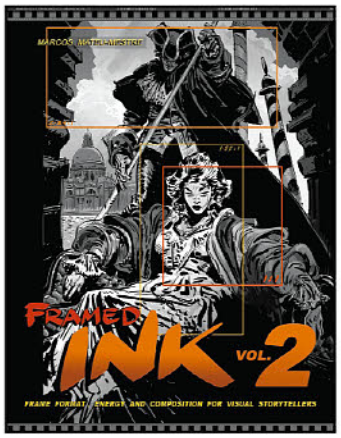

(A) Chris Ayers

Following in the successful paw and hoof prints of *The Daily Zoo* Volume One comes another exotic menagerie of creative fauna from Hollywood artist Chris Ayers. *The Daily Zoo 2* offers more furry and feathered friends along with continuing reflections on his life as an artist and cancer survivor. And, as with Volume 1 and perhaps more so, regardless of your artistic experience, this book will leave you inspired to grab the nearest pencil, pen, brush or crayon and start drawing... for fun and perhaps as a way to bring healing! (STL181068) (C: 1-1-1) **NOTE:** This item may be available through other retail outlets before shipping to comic book specialty shops. **NOTE:** Available only in US, Canada, and US territories.

FRAMED INK VOLUME 2: FRAME FORMAT, ENERGY, AND COMPOSITION FOR VISUAL STORYTELLERS HC

(W/A) Marcos Mateu-Mestre

Framed Ink 2 provides insight into another compositional tool that Marcos uses every day to create his amazing artwork — the energy within the working frame. In each piece of art, regardless of its format, one must consider essential factors such as the push-pull, tension-relaxation, pressure-release, balance and imbalance that happen inside the working area to support our storytelling. All of these factors apply in any aspect ratio, whether it be horizontal, vertical or square. Marcos encourages and educates us on how not to be limited by the format but to embrace and rise to the challenge of designing for each format. (STL181065) (C: 0-1-1) **NOTE:** This item may be available through other retail outlets before shipping to comic book specialty shops.

STAR WARS: THE SKYWALKERS: A FAMILY AT WAR HC

No group of characters has had more impact on the *Star Wars* saga than the Skywalker family. Keiler Roberts mines the passing moments of family life to deliver an affecting and funny account of what it means to simultaneously exist as a mother, daughter, wife, and artist. ANT COLONY HC

(W/A/CA) Michael DeForge

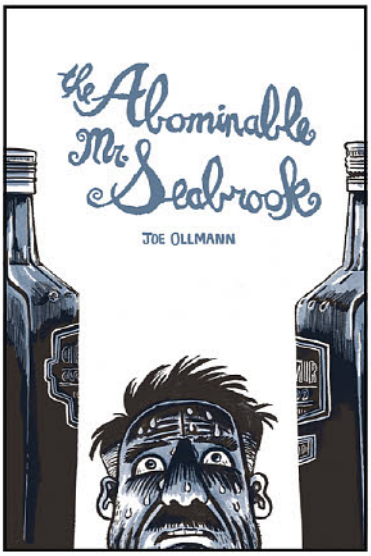

Ant Colony follows the denizens of a black ant colony under attack from the nearby red ants. On the surface, it's the story of this war, the destruction of a civilization, and the ants' all-too-familiar desire to rebuild. Underneath, though, *Ant Colony* plumbs the deepest human concerns — loneliness, faith, love, apathy, and more. All of this is done with humor and sensitivity, exposing a world where spiders can wreak unimaginable amounts of havoc with a single gnash of their jaws. (STK627922)

O/A THE ABOMINABLE MR. SEABROOK SC

(W/A/CA) Joe Ollmann

Journalist and travel writer William Buehler Seabrook was willing to go deeper than any outsider had before, participating in voodoo ceremonies, riding camels cross the Sahara desert, communing with cannibals and most notably, popularizing the term "zombie" in the West. A string of his bestselling books show an engaged, sympathetic gentleman hoping to share these strange, hidden delights with the rest of the world. But, of course, there was a dark side. Seabrook was a barely functioning alcoholic who was deeply obsessed with bondage and the so-called mystical properties of pain and degradation. What led the popular and vivid writer to such a sad state? (STL029505)

This second volume of the complete Aya includes unique appendices — recipes, guides to understanding Ivorian slang, street sketches, and concluding remarks from Marguerite Abouet explaining history and social milieu. Inspired by Abouet's childhood, the series has received praise for offering relief from the disaster-struck focus of most stories set in Africa. (STK520695)

FIRE: THE ZORA NEALE HURSTON STORY HC

(W/A/CA) Peter Bagge

Peter Bagge's biography of Zora Neale Hurston is bold and dazzling, a story as brilliant as the life itself. Hurston challenged the norms of what was expected of an African American woman in early 20th century society. She arrived in NYC at the height of the Harlem Renaissance, surrounded by peers such as Langston Hughes and Wallace Thurman. Hurston went on to become a noted folklorist and critically acclaimed novelist, including her most provocative work *Their Eyes Were Watching God.* (STL032546)

By Diego Arandojo and Facundo Percio

$19.99 / SC / 96 pgs / BW / 8" × 10"

Set in 1963, this graphic novel celebrates a time in Argentine history when its art scene blossomed. Writer Diego Arandojo and illustrator Facundo Percio come together to weave the rich tapestry of Buenos Aires in the time of the beatnik. Arandojo's dialogue lends a poetic quality to these lively characters, while Percio's charcoal drawings perfectly capture the rough charm of this eclectic community of artists and the seedy, smoky locales they inhabit.

NEW FROM FANTAGRAPHICS UNDERGROUND

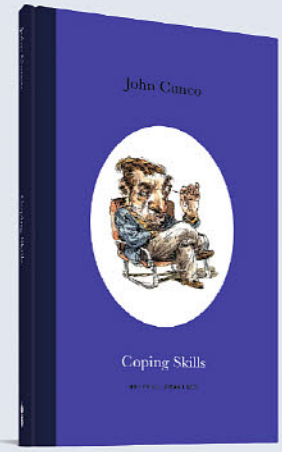

IN PICTOPIA

By Don Simpson et al.

$20.00 / Comic Magazine / 28 pgs / FC / 9.25" × 13.75"

In Pictopia is the legendary comic created in 1986, written by the era's most adventurous mainstream comics writer and drawn by a bevy of indie cartoonists — helmed by Don Simpson, with Mike Kazaleh, Pete Poplaski, and Eric Vincent. Presented here for the first time, scanned from the original line art and full-color painted boards, in an appropriately oversized format. Pictopia is the allegorical city inhabited by old, forgotten, but once famous and iconic comics characters, now considered pitiable has-beens by the popular new comics characters who are cheerfully and inevitably taking their places in the pop culture pantheon of celebrity. It is both a paean to timeless, beloved comics characters and a scathing critique of the then-contemporary comics sub-culture.

COPING SKILLS

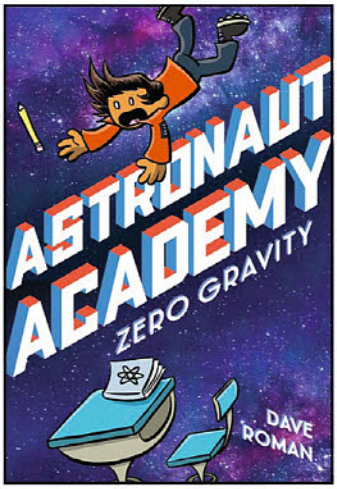

By John Cuneo

$25.00 / HC / 96 pgs / FC / 6" × 10"

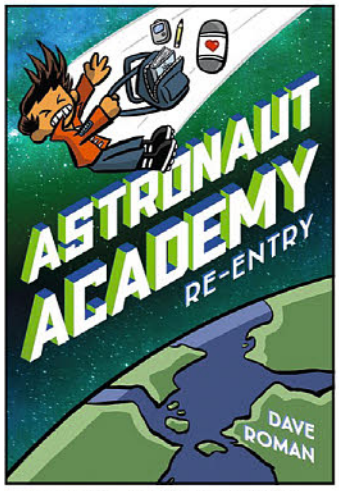

When John Cuneo isn't gracing the cover of *The New Yorker*, being featured in *Esquire*, or winning every illustration award known, he fills a plastic container with drawings labeled "Loose Sketches." He explains that these pieces are not categorized by anything else than "it simply means they are untethered." And, boy, are they! *Coping Skills* collects these scenes of domesticated manatees, climate change, sex — lots and lots of sex — and many more of these "helpful drawings" by one of the best illustrators in the world.

GRAPHIC MUNDI

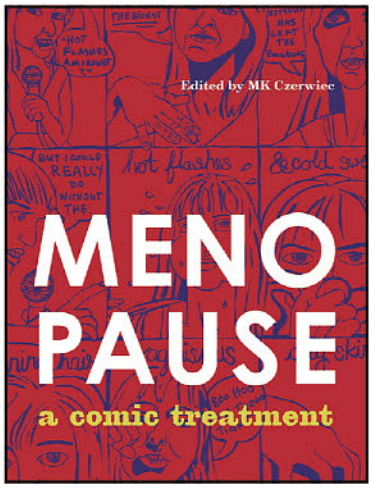

CRUDE: A MEMOIR GN

(W) Pablo Fajardo
(A) Damien Roudeau
Oil waste was everywhere — on the roads, in the rivers where they fished, and in the water that they used for bathing, cooking, and washing. Children became sick and died, cases of stomach cancer skyrocketed, and women miscarried or gave birth to children with congenital disorders. The American oil company Texaco extracted crude out of the ground in Amazonian Ecuador — and left behind millions of gallons of spilled oil and more than eighteen million gallons of toxic waste. Ecuadorian lawyer and activist Pablo Fajardo gives his first-hand account of Texaco's involvement in the Amazon, as well as the ensuing legal battles between the oil company, the Ecuadorian government, and the region's inhabitants. *Crude* brings to light one of the least well-known but most important cases of environmental and racial injustice of our time. For a long time, she was able to keep her eating disorder a secret, though hiding her problem didn't stop it from harming her emotional and physical well-being. The pressures of wanting to succeed as an artist led her to a nervous breakdown and finally a strong desire to start from scratch. Regina Hofer documents her battle with anorexia and bulimia. MENOPAUSE: A COMIC TREATMENT GN HC

(W) VARIOUS (A) Various
Like so many other issues surrounding women's reproductive health, menopause has been treated as a cultural taboo. On the rare occasions that menopausal and perimenopausal women are depicted in popular culture, they are stereotypically cast as the butt of demeaning jokes that encourage us to laugh at their deteriorating bodies and emotional volatility. The result is that women facing menopause often feel isolated and ashamed. This collection of comics presents a different view of menopause that enables those experiencing it to be seen and to feel empowered. The common thread uniting these stories is the affirmation that, while we can and should laugh at ourselves, no one should be ashamed of menopause. HISTORICAL FICTION | MUSIC

Theresa Booker was hardly the first singer-songwriter to be inspired by His Royal Badness—but she was the most determined.

Minneapolis, 1982. Dozens of young bands, playing day and night in bars and clubs across the city, dream of being noticed by the musical genius Prince, revered as a guru and a powerbroker. But when Theresa and her band, Starchild, are offered the opportunity of a lifetime—to be taken in and mentored by their idol—they soon find that there's a dark side to fame and fortune that could turn their dream into a nightmare.

MPLS Sound is the ultimate love letter to the legendary Minneapolis funk-rock sound of the 1980s.

Fierce Vikings and mystical Sirens face each other in a never-ending battle to claim the most significant natural resource their world has to offer: the sea itself.

For generations, Viking clans have faced Siren tribes in battles waged on land and sea—battles that pit brute strength against sorcery and cunning versus charm. Their war, sparked by the great leviathan Jörmungand, has torn apart the very world they fight over while filling graveyards that span farther than the eye can see. If there is any hope of bringing even the whisper of peace, it lies among those who feel torn between both worlds.

Cardinal rule #1 for surviving school:
Don't get noticed by the mean kids.
Cardinal rule #2 for surviving school:
Seek out groups with similar interests and join them.

On her first day at her new school, Penelope—Peppi—Torres reminds herself of these basics. But when she trips into a quiet boy in the hall, Jaime Thompson, she's already broken the first rule, and the mean kids start calling her the "nerder girlfriend." How does she handle this crisis? By shoving poor Jaime and running away!

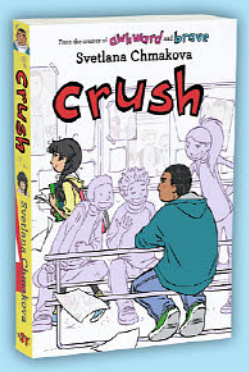

Falling back on rule two and surrounding herself with new friends in the art club, Peppi still can't help feeling ashamed about the way she treated Jaime. Things are already awkward enough between the two, but to make matters worse, he's a member of her own club's archrivals—the science club! And when the two clubs go to war, Peppi realizes that sometimes you have to break the rules to survive middle school!

SANITY AND TALLULAH VOLUME 1: SHORTCUTS
(W/A/CA) Molly Brooks
Tallulah is great at piloting! And with her learner's permit freshly reinstated, she has the perfect opportunity to prove it: filling in on the mail route to nearby stations while all the regular pilots are out sick. It's her first big solo flight, and yeah, okay, her parking could use some work, but she's not even a little bit nervous — she's got Sanity along as copilot, plenty of old flight logs for navigation, and they'll be in radio contact with Wilnick almost the whole time. All they have to do is follow the pre-approved route and stay out of the dangerous, uncharted, explosives-littered debris cloud... no matter how tempting a shortcut it is. No sweat! Sanity and Tallulah's pre-approved route didn't say anything about space stations exploding, enemies in need of rescue, or getting caught in the middle of a border crisis in danger of escalating into all-out war, but sometimes totally awesome pilots have to change plans on the fly, and only an excellent copilot can keep things from going completely upside down. Available in softcover and hardcover editions. (STL181075) (C: 1-1-0) **NOTE:** Available only in US, Canada, and US territories.

Comics and cultural superstar Alison Bechdel delivers a deeply layered story of her fascination, from childhood to adulthood, with every fitness craze to come down the pike: from Jack LaLanne in the 60s ("Outlandish jumpsuit! Cantaloupe-sized guns!") to the existential oddness of present-day spin class. Readers will see their athletic or semi-active pasts flash before their eyes through an ever-evolving panoply of running shoes, bicycles, skis, and sundry other gear. But the more Bechdel tries to improve herself, the more her self appears to be the thing in her way. The gifted artist and not-getting-any-younger exerciser comes to a soulful conclusion. The secret to superhuman strength lies not in six-pack abs, but in something much less clearly defined: facing her own non-transcendent but all-important interdependence with others. (STL180443)

FUN HOME: A FAMILY TRAGICOMIC GN

(W/A/CA) Alison Bechdel
Meet Alison's father, a historic preservation expert and obsessive restorer of the family's Victorian home, a third-generation funeral home director, a high school English teacher, an icily distant parent, and a closeted homosexual who, as it turns out, is involved with his male students and a family babysitter. Through narrative that is alternately heartbreaking and fiercely funny, we are drawn into a daughter's complex yearning for her father. And yet, apart from assigned stints dusting caskets at the family-owned "fun home," as Alison and her brothers call it, the relationship achieves its most intimate expression through the shared code of books. When Alison comes out as homosexual herself in late adolescense, the denouement is swift, graphic, and redemptive. (STL101329)

ARE YOU MY MOTHER?: A COMIC DRAMA SC (NEW PRINTING)

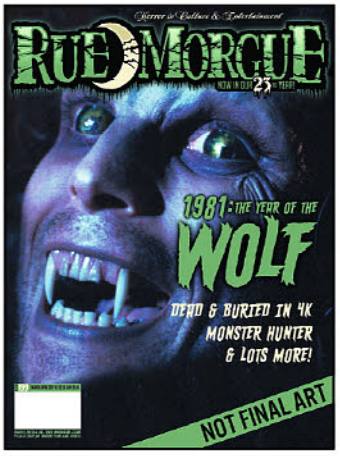

(W/A) Alison Bechdel
Alison Bechdel tells the tale of her mother: voracious reader, music lover, passionate amateur actor. Also a woman, unhappily married to a closeted gay man, whose artistic aspirations simmered under the surface of Bechdel's childhood... and who stopped touching or kissing her daughter good night, forever, when she was seven. Poignantly, hilariously, Bechdel embarks on a quest for answers concerning the mother-daughter gulf. It's a richly layered search that leads readers from the fascinating life and work of the iconic twentieth-century psychoanalyst Donald Winnicott, to one explosively illuminating Dr. Seuss illustration, to Bechdel's own (serially monogamous) adult love life. And, finally, back to Mother. (STL155555)

O/A THE YEAR OF LOVING DANGEROUSLY GN

(W) Ted Rall (A) Pablo Callejo
It's New York City in the 1980s and Ted Rall is in college. Everything is fine before his pranks, lack of focus and restlessness get him expelled. Unable to find a job and rejected by his parents, he considers suicide. By happenstance he finds comfort in the arms of many women as he bed-hops around the five boroughs. It's better than homelessness, but the psychic toll of selling himself and his affection was higher than he imagined. Both acidly funny and brutally honest, Rall, a cartoonist both beloved and reviled for his edgy politics, pours out his guts in this remembrance of this most difficult chapter in his life. O/A SILK ROAD TO RUIN GN

(W/A/CA) Ted Rall
Part graphic novel travelog, part tongue-in-cheek travel guide, here are the adventures of caustic cartoonist Rall in the wild and wooly central Asian countries, a powder keg sitting on tomorrow's oil... Combines articles with comics chapters relating his experiences retracing the old legendary Silk Road starting with the sublime history of China and ending in the absurdity of the petty dictatorships of the "The 'Stans" where Rall had the temerity to go back, including once with a group of listeners to his radio show, on a dare. It's exotic adventure, satire and a fun way to find out more about a part of the world that looms in importance with its immense reserves of oil. (STK633350)

O/A TO AFGHANISTAN AND BACK HC

When U.S. bombs started raining on the Taliban, Rall didn't just watch it on TV — he jumped on a plane straight to the war zone to get the real story for himself. But the only cartoonist to go to Afghanistan got more than he bargained for. From the gruesome spectacle of a Taliban prisoner blowing himself up with grenades to the hilarious image of mujahideen lining up for shaves and DVD porn a day after joining the Northern Alliance, you can count on Rall for a decidedly different take on this gritty war. THE WORLD OF JAMES BOND: THE LIVES & TIMES OF 007 SC

(W) Jeremy Black

Jeremy Black offers a historian's interpretation from the perspective of 2020 and the latest Bond film, *No Time to Die*, assessing James Bond in terms of the greatly changing world order of the Bond years-a lifetime that stretches from 1953, when the first novel appeared, to the present. Black argues that the Bond novels-the Fleming books as well as the often-neglected novels authored by others after Fleming died in 1964-and films drew on current fears in order to reduce the implausibility of the villains and their villainy. The novels and films also presented potent images of national character, explored the rapidly changing relationship between a declining Britain and an ascendant United States, charted the course of the Cold War and the subsequent post-1990 world, and offered an evolving but always potent demonology. This updated edition explores new developments in the Daniel Craig years, looks to the post-Craig years, and considers the cultural significance of Bond in the modern world. (STL181300) (C: 0-1-0)

MIXED-RACE SUPERHEROES SC

(W) Sika A Dagbovie-Mullins

American culture has long represented mixed-race identity in paradoxical terms. On the one hand, it has been associated with weakness, abnormality, impurity, transgression, shame, and various pathologies; however, it can also connote genetic superiority, exceptional beauty, and special potentiality. This ambivalence has found its way into superhero media, which runs the gamut from Ant-Man and the Wasp's tragic mulatta villain Ghost to the cinematic depiction of Aquaman as a heroic "half-breed." The essays in this collection contend with the multitude of ways that racial mixedness has been presented in superhero comics, films, television, and literature. The book considers such iconic heroes as Superman, Spider-Man, and The Hulk, alongside such lesser-studied characters as Valkyrie, Dr. Fate, and Steven Universe. This study interrogates how we might challenge and rewrite stereotypical narratives about mixed-race identity, both in superhero media and beyond. (STL180987) (C: 0-1-0)

BUNUEL IN THE LABYRINTH OF TURTLES GN

(W/A) Fermin Solis

Buñuel in the Labyrinth of the Turtles depicts a decisive moment in the life of the great Spanish filmmaker Luis Buñuel: the moment when he doubted surrealism and contemplated embracing a more social type of cinema. At this crucial turning point in his career, he wanted to change the world by showing the hidden heart of reality. Buñuel was deeply affected by the harshness of Las Hurdes and the extreme misery of the people who lived in this remote region, so with his friend, the movie producer Ramón Acín, he began work on the pseudo-documentary *Land Without Bread.* But in the mind of the great surrealist, reality inevitably clashed with dreams and childhood memories, threatening both the film and his friendship with Acín. It was at this moment that the Buñuel of the future was born. (STL180194) (C: 1-1-0) **NOTE:** Available only in US, Canada, and US territories.

(W) Ellen Stern

Al Hirschfeld knew everybody and drew everybody. He occupied the twentieth century, and illustrated it. *Hirschfeld: The Biography* is the first portrait of the renowned artist's life, as spirited and unique as his pen-and-ink drawings. Beginning in the 1920s, he caricatured Hollywood actors, Washington politicians, and celebrities of the stage. Broadway belonged to Hirschfeld. His work appeared in the New York Times and other publications, as well as on book jackets, album covers, posters, and postage stamps, for more than seventy-five years. He worked every day, threw dinner parties twice a week, and hosted New Year's Eve soirees that were legendary. He had three wives, a formidable agent, and a daughter, Nina, the most famous little girl that no one knows. HERO-A-GO-GO SC

Welcome to the Camp Age, when spies liked their wars cold and their women warm, good guys beat bad guys with a pun and a punch, and Batman shook a mean cape. *Hero-A-Go-Go* celebrates the camp craze of the Swinging Sixties, when just about everyone — the teens of Riverdale, an ant and a squirrel, even the President of the United States — was a super-hero or a secret agent. Michael Eury takes you through that coolest cultural phenomenon with this lively collection of nostalgic essays, histories, and theme song lyrics of classic 1960s characters like Captain Action, Herbie the Fat Fury, Captain Nice, Atom Ant, Scooter, ACG's Nemesis, Dell's super-Frankenstein and Dracula, the "split!" Captain Marvel, and others! (STL031673)

The Comics of R. Crumb: Underground in the Art Museum is a groundbreaking collection on the work of a pioneer of underground comix and a fixture of comics culture. GRAND ADMIRAL THRAWN JUDGES HIS DIAMOND SELECT TOYS BUST TO BE "ARTISTICALLY DONE"

Grand Admiral Thrawn, the fan-favorite *Star Wars* antagonist created by Timothy Zahn thirty years ago for his best-selling novel *Heir to the Empire* and subsequently the villain in the *Star Wars: Rebels* animated series, is a connoisseur of art. Aboard his Star Destroyer, he keeps a gallery, and through studying the artwork in his collection he gains insight into the way his opponents think and behave.

Diamond Select Toys invites Star Wars fans to build their own collection of artwork to study with the *Star Wars: Rebels–Grand Admiral Thrawn 1/7-Scale Mini-Bust*. Designed by Barry Bradfield and sculpted by Paul Harding, the blue-skinned Imperial warlord's impassive red eyes gaze at you, studying you coolly. The Admiral would find this bust, in his words, to be "artistically done." Add it to your collection and learn how to predict your foes from the master tactician!

STORM SHADOW INFILTRATES YOUR LOCAL COMIC SHOP

Everyone loves Snake Eyes, but what about G.I. Joe's other ninja? Storm Shadow may fall on the more sinister side of G.I. Joe lore, but still makes for one of the coolest characters in the figure line. Suited up in stark white, this ninja protector of Cobra Commander has long held a rivalry with the aforementioned Snake Eyes, making this figure a fine follow-up to Three Zero's 1/6 scale Snake Eyes figure. **The** *Three Zero x Hasbro: G.I. Joe: Storm Shadow 1/6-Scale Figure* stands 12 inches tall and comes costumed for seamless articulation that's perfect for photogenic posing.
